Nov 30th	CHILDREN'S UNIVERSITY GRADUATION @ 6PM
Dec 5-9	THEATRE BUGS ALL WEEK
Dec 9	SCHOOL CONCERT
Dec 16th	LAST DAY, 2.30 DISMISSAL

PRINCIPAL'S REPORT

Welcome to Term 4! It has been great to have so many students return to school after the mass illness that occurred at the end of Term 3. Thank you for continuing to keep your child at home when they are ill and going to the doctor when needed.

A huge congratulations to Aisha and Dylan Cox who are expecting a baby in April! We are all thrilled for you and wish you all the best for your pregnancy. Aisha will have a modified role for the first half of Term 1 2023 and a Year 3-6 teacher will be appointed for the year. The job is currently advertised on Edujobs.

Rory Hunt, Principal

Please see the materials and service charges attached to the newsletter. The Governing Council has voted to keep materials and service charges at the minimum rate of \$269 for the year.

continued overleaf....

Please continue to keep your child home if unwell. With both WHOOPING COUGH AND COVID present in our community, let's help STOP the SPREAD.
Thanks for your cooperation

RESPECT * RESILIENCE * EXCELLENCE * INTEGRITY

PRINCIPAL'S REPORT CONTINUED

We have continued our community connections with Hollie Webb and the kangaroo tail cookout at the end of last term and the tree lopping with Geraldine at the start of this term. Thank you to these

ladies for providing our school with rich learning experiences.

There has been plenty of learning going on in classrooms. Make sure you talk to your child about onomatopoeia, alliteration and all things poetry.

I have the privilege of taking Henri and Alli to the Australian Space Discovery Centre in Adelaide this Friday to showcase our school's space designs. These students have worked diligently on their space projects and with their 3D printing throughout the year and deserve the opportunity to represent our school. Thanks to Nicole for assisting with these projects

Nicole has been busy this term organising Breakfast Club for Monday and Friday which has been a huge hit so far. Students have also eagerly participated in craft, STEM and sewing. Thank you for providing these opportunities for our students. Please see her update in the newsletter for more details.

Please take note of the many calendar dates during the busy term. In particular the JP sleepover on November 3rd, Student Free Day on November 11th and School Concert on December 9th. Best of luck to students with their upcoming transitions.

Looking forward to another great term at Ungarra Primary School

Kind Regards, Rory Hunt

THEATRE BUGS—WEEK 8

During the Theatre Bugs week, your child will not only learn skills in dance, singing and drama. They will also learn to trust their own ideas, develop perseverance, empathise with others, work with peers to achieve a common goal and feel confident in their own ability. Most of all, they will develop the confidence they need to be able to tackle the unexpected, challenging and exciting situations that they are confronted with in life.

The week will culminate with students' performance at the School Concert on Friday the 9th of December.

SunSmart reminder for Term 4 **Hats required outside in Term 4**

The average daily UV Index during October is 5 in South Australia, so as we jump into Term 4 it's very important that we are reminding and encouraging staff, families, students and children to use a combination of sun protection measures during all outdoor activities **whenever the UV is 3 and above.**

Now that daylight savings has begun, sun protection times have changed and extended. Remember, you can access local daily sun protection times using the SunSmart app, to help determine when you should protect your skin in five ways—**slip, slop, slap, seek and slide.**

OUR SCHOOL VALUE FOCUS

"Integrity"

Over the next few weeks, we will be encouraging and looking for these qualities in our students:

We are honest, fair, inclusive and responsible

We strive to do what's right, even when no one is looking

RESPECT * RESILIENCE * EXCELLENCE * INTEGRITY

CPW REPORT—NICOLE CLARK

Hello Families,

Welcome back to term 4, I hope that you have all had a wonderful term 3 break.

What was happening in Term 3?

We had Lego Club which was very popular and there was some great thinking and creating happening in this time. We also started Craft Club at the request of some of the students. It is so good to see students taking part in these activities and having fun.

I was also busy helping get the 3D printing done and this was a lot of fun seeing students design their creations and then the finished products. The 3D printed items are on display in the stone room if you want to have a look at what they have been doing.

On Thursday 22 September Hollie Webb came and cooked kangaroo tails and damper over the fire and did some beading with the students. Thankyou Hollie, for coming and sharing with us, it was a great day.

There will be two folders with Parenting SA - Parent Easy Guides for families to access. These folders will be available in the stone room and the Playcentre if you want to look. They are for all parents of all aged children. You can also view the easy guides on the parenting SA website: <https://parenting.sa.gov.au/easy-guides> if you want to.

What's happening in Term 4?

This term Lego club has changed to STEM club, it will run at Friday lunch time. STEM stands for science, technology, engineering, and math. In this time students will use innovation, problem solving and critical thinking skills to solve the weekly challenge. I really look forward to seeing what they come up with. For the Lego enthusiasts Lego will still be used in some of the challenges.

Craft Club is also going to be happening this term at Thursday Lunch time. I am sure there is an eager group of crafty students waiting to get going.

We also have Breakfast Club starting. This will happen on Monday and Friday Mornings before school. We know that breakfast is such an important part of everyone's day and students are able to focus better in the classroom, when they go into the classroom with full tummies. We are very appreciative of the generosity from Tumby Bay Bakery, Neindorfs and Tumby Bay Foodland with their donations to support this program. Foodbank will also offer some sort of support in the future.

Sewing will also start this term on Friday afternoons. Thankyou to Patches on the Bay for donating scrap material from the quilters group. It will be great to get some sewing done for the student enterprise so keep an eye out, there may be some great Christmas gift ideas to purchase from the office.

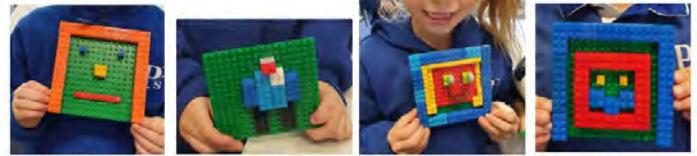

We have a Christmas RE session on Wednesday 23rd November, Week 6, shared with Port Neill.

Also, our year 6's will be doing their transition this term as well, in week 3 and 7. I wish them all the best.

Wow, this is only a small look at this term, it is certainly going to be a busy 9 weeks ahead and it's going to be great.

Lisa's Thai Chicken and Coconut Rice Salad

2 cups of black, wild or brown rice (or a combination of all), rinsed and cooked in 3 $\frac{1}{4}$ cups of salted water and then cooled

400ml can coconut milk

6cm-piece fresh ginger, peeled

500ml (2 cups) water

2 large chicken breast fillets, cut in halves horizontally

1 bunch fresh coriander, leaves picked, stems reserved

1 bunch of mint leaves, roughly chopped

Asian greens, roughly torn

$\frac{1}{2}$ teaspoon of Garlic powder

2 tbsps fish sauce

$\frac{1}{4}$ cup rice wine vinegar

1 large lime, rind finely grated, juiced + zest

1 long fresh green chilli, deseeded, chopped

1 tsp coconut or brown sugar

1 cup of roasted, cubed pumpkin or sweet potato

Fried shallots, to serve (optional)

1. Reserve 80ml (1/3 cup) coconut milk. Thinly slice half the ginger. Finely grate remaining ginger and reserve. Place coconut milk, chicken, coriander stems, water, 1 tablespoon fish sauce and sliced ginger in a saucepan over medium heat. Bring to a simmer. Reduce heat to low. Gently poach the chicken for 15 minutes or until cooked through. Add any Asian greens you might have. Set aside, covered, for 5 minutes. Transfer chicken and greens to a plate. Discard liquid. Cool slightly, then shred or dice the chicken.
2. Meanwhile, place lime zest, juice, chilli, sugar, reserved grated ginger, 1/2 cup coriander leaves, garlic, reserved coconut milk and remaining fish sauce in a jug. Use a stick blender to blend until smooth.
3. Place rice, onion, mint and remaining coriander leaves in a large bowl. Add shredded chicken and dressing. Gently toss. Serve topped with fried shallots, if using.

JP STUDENTS
JOIN US FOR A SUPER SPECIAL

SLEEPOVER PARTY!

TO CELEBRATE A FANTASTIC YEAR IN THE JUNIOR PRIMARY CLASS

Thursday 3rd of November after school

After school gym session, Pizza tea and a movie, followed by Breakfast Club with Nicole on Friday morning before school
