FAMILY NAME: \_\_\_\_\_

Welcome back to Term 2

Congratulations Aisha and Dylan Cox on the birth of your baby boy Oliver. We are so happy for you and hope you are enjoying this special time together.

Welcome Baby Oliver!  
We can't wait for you to visit us

It was a great end to the Term with the Port Neill Beach Sports Day well enjoyed by all. Thank you to Port Neill Primary School for hosting this annual event.

During the holidays Levi and Monty Charlton respectfully represented our school and laid a wreath at the Tumbby Bay Memorial on ANZAC Day. This week in cultural studies we discussed the importance of ANZAC Day to our country and the students went on a fact finding hunt around the school.

It has been encouraging seeing students return to school ready to learn. Thank you Nicole for commencing her Kimochi Lessons. The students will gain a lot of insight into social/emotional literacy.

Our hydroponic greenhouse has made remarkable progress with large amounts of rocket and lettuce. We will be using some for cooking however there will be plenty for sale. Please see our price list for details.

Our school will be participating in the SALA Art Festival in 2023. This will involve students painting and exhibiting their artwork at Ungarra Hall. There will be an opening event planned for August with further details to come. Thank you Rebecca Nowikow for all your organisation and preparation for this art project.

On Thursday next week the students will be travelling to Port Neill for Questacon – Science Circus. These interactive presentations hone in on some interesting science for students to be immersed in. An online excursion form will be sent to parents emails.

Our next Governing Council meeting is on Monday Week 3, 15<sup>th</sup> of May. All parents are welcome to attend.

Looking forward to a great term full of quality learning experiences for the students.

Rory Hunt, Principal

## Diary Dates

**A reminder Kitchen lessons commence on Thursday WEEK 2**

- MAY 11 Questacon
- MAY 12 LEP Cross Country
- MAY 15 Governing Council 6pm

# Christian Pastoral Worker News

From the Pastoral Carer

Hi Everyone,

We had so much happening in term 1 and I hope everyone has had a restful 2 weeks ready for term 2.

This term there is a bit happening. Breakfast club is still happening on Wednesday mornings. STEAM club starts up is starting, Wednesday, Week 1, and I can't wait to see what creative ideas the students come up with to problem solve our lunch time challenges. Friday afternoon the upper primary class will be going into small groups for sewing now that they all have their sewing license.

This term we are also introducing Kimochis to the students. We have received extra funding for me to be able to do this and I am really excited to be able to offer this learning to all the students and families.

WHAT ARE KIMOCHIS?

Kimochi (KEY.MO.CHEE) means "feeling" in Japanese.

We know that sometimes all of us have big feelings and this can lead to challenging behaviours. Sometimes it can be hard to communicate our feelings. Kimochis are a playful way for us to be able to learn how to identify and express our feelings in an OK way. Kimochis help develop positive social skills that help build lasting friendships and success in other areas of life as well.

This term I will be introducing, each week, a Kimochi character and their feelings as well as a tool for helping with big feelings. I will be including families in this learning via dojo with the hope that kids can share what they have learnt at school and reinforce the strategies for managing big feelings.

If you would like more information about Kimochis please feel free to contact me.

Nicole

## Careers and You

This month we are looking at careers and the qualifications you need to progress to a role that may be your dream career. Living in a rural area, sometimes it seems too hard - but it can be done!

The Australian Qualifications Framework is a comprehensive framework with 10 levels, representing increasing complexity and depth of knowledge required in qualifications for different careers in Australia.

It is an important tool for women who are seeking to further their education or career, providing a way to understand the study requirements for different careers. To progress your career, it is possible to start with entry level qualifications and then study other courses to move through the AQF levels.

Do you ever wonder how someone who was a cleaner at the local hospital, then became a registered nurse? By studying, higher level courses from where you start your learning, you can keep building on your skills. You do not have to stay at one level your entire career if you have goal to achieve more. The AQF framework is on the next page with example roles in the health sector.

## Vision Your Future

During 2022, we worked with the SA Skills Commission to develop a microcredential to assist women with their future life and career goals. A microcredential is a short, assessable course where participants earn a digital badge and certificate to show they have skills in certain areas. Our microcredential has now been endorsed for delivery and we welcome you to be first to test it.

## Vision Your Future

Four session online masterclass  
 7.00 - 8.15pm ACDT  
 Monday 15, 22 and 29 May, 5 June

Be one of the first women in South Australia to gain accreditation in our new SA Skills Commission endorsed microcredential.

To create your vision, you firstly need to see it in your mind.

- Take action
- Stop procrastinating
- Join us now!

Bookings - <https://vyf.eventbrite.com.au>

## Vision Your Future

The SA Skills Commission has endorsed our microcredential - **Visioning Your Future**. They are excited as we are to be helping women achieve their career and life goals.

Identify what is important to you and develop a plan to achieve what you want from your career and life - ditch the excuses and take action now!

Week 1 - 15 May - 7.00 - 8.15pm ACDT - **Where are you now?**  
 Week 2 - 22 May - 7.00 - 8.15 ACDT - **Where do you want to go?**  
 Week 3 - 29 May - 7.00 - 8.15 ACDT - **Develop SMART goals**  
 Week 4 - 5 June - 7.00 - 8.15 ACDT - **Overcome barriers, achieve success**

- Facilitated by Allison Miller from Digital Capability
- Individual Career Counselling sessions by Dr Janene Phip, Professional Career Development Practitioner, CDAA - valued at over \$300

*"Whatever you want, you really had to see it in your mind!"*

## Vision Your Future
