PRINCIPAL'S REPORT—RORY HUNT

Wow! What a successful SALA Art Exhibition Opening on Friday. Thanks to all who attended the evening. A special thank you to all who were involved in preparations before the event, working at the event and those who helped pack up the event. It truly was a spectacular art exhibition opening which showcased the incredible talents of the young artists from Ungarra Primary School.

We are deeply grateful to the generous businesses that have stepped forward to contribute financially to this event and, more importantly, to our playground. Please keep supporting these businesses that have supported us.

We are also grateful for the dedicated members of the Parents and Friends group. Your unwavering commitment and hard work transformed the hall into an enchanting venue, and the delectable treats you prepared under Jess Bennett's guidance were delicious! Thanks so much to Jess and your wonderful business Two Paddocks.

The student artwork was admired by all and each piece reflected the unique perspectives and personalities of our young artists. We couldn't be prouder of your artwork.

A huge thank you goes out to Rebecca Nowikow/Palmer whose art expertise and tireless efforts have made this event possible. Your passion for nurturing young talents and fostering a love for art among our students is truly commendable. Rebecca has gone above and beyond and spent countless hours preparing for this event and leading our fundraising efforts. All this while creating her own masterpieces which are displayed in the hall foyer. (all art can be viewed in the hall until the end of Aug)

The SALA Art opening night raised a remarkable \$5,670 toward our playground. The online auction was a huge success raising \$15,354! Thank you to Nicole for leading this fundraising drive and thanks to her helpers Rachel, Bec and Alicia for getting so many businesses and individuals to donate.

Our partnership of schools continue to work with Lyn Coote to improve teaching and learning outcomes. Lyn has modelled teaching lessons with the use of learning intentions and success criteria for both teachers and provided professional coaching conversations pre and post observation.

I am in Melbourne for the rest of this week learning about student agency and the use of technology in schools, including artificial intelligence. Our partnership leaders will be visiting other schools and gaining insights into how to adapt to the ever-changing world of education. Ultimately as teachers and leaders we are continually learning and improving our own practices for the benefit of our students.

Plenty to come this term with Science Week, Book Week, gymnastics and touch football carnival in coming weeks. Please check out our calendar dates.

Once again thank you to all parents and community members for all your support in helping raise funds for our playground—in a matter of weeks we are half way there!
